

Cooperation Agreement

between:

EURO SUPPORT SRL (named Contractor)

and

..... **(named Partener)**

Whereas Euro Support and the Partner are willing to cooperate, having in mind the following main objectives:

- A) The growth of the turnover of both cooperating companies by means of the synergy effects resulted by this cooperation
- B) The opportunity to offer Romanian companies services and products at West-European level and the chance for the companies in the Partner's country to improve the economical experience with and within Contractor's country.

Euro Support will pay to the Partner 50% out of the total amount of the services invoiced to the Partner's Client and for reverse services the Partner shall pay the same percentage of the invoiced amount.

The proposed cooperation shall materialize by selling, respectively contracting following goods and services:

Following actions, but not restricted to, are deemed to be feasible under the present Agreement:

- I) Brokerage Services to Businesses (B2B Services), either for Romanian companies wishing to be represented in the Partner's country or for Partner's Clients wishing to place production orders (machining operations orders, CNC cutting orders, a.s.o.), or wishing to cooperate otherwise with Romanian companies in Romania (for example cooperation in lohn system)
- II) Personal consulting support services
- III) Selling of equipment and machinery (means of production, generally) produced by Partner's Clients

Drafted and signed in two copies, today....., one for each party.
